

Case Study

Points: 10

Due Date: 21/03/2022 (Due at the time of class)

Conduct a case study about a major past accident in the industry related to health and Safety. Your report should cover the following points.

1. Provide a detailed description of the accident and the industry
2. Report the financial and human loss
3. Describe the reported causes of the accidents
4. Discuss the lessons learned from the accidents
5. In your opinion, what could have been done to stop the accident? Do you agree with the reported reasons? Explain your answers

Formatting Guidelines:

1. The title of your report should be “Name of the Accident: A Case Study”.
2. The report should be formatted using the IEEE template available at the following links

Word: <https://www.ieee.org/content/dam/ieee-org/ieee/web/org/conferences/conference-template-a4.docx>

LateX: <https://www.overleaf.com/gallery/tagged/ieee-official>
